NO →

QUESTION: Shall state constitution give metropolitan service district voters the right of self-governance, over metropolitan matters, through district charter?

SUMMARY: Adds provision to Oregon Constitution. Requires legislature to pass laws giving metropolitan service district electors power to adopt, amend, revise, repeal district charter by majority vote. Requires district charter to prescribe government organization and provide for number, election or appointment, qualifications, tenure, compensation, powers and duties of officers. Provides for exercise of powers by ordinance. Gives district jurisdiction over metropolitan matters as defined by charter. Gives district electors initiative and referendum powers regarding district charter and legislation, to be exercised as county powers are exercised.

2 CONSTITUTIONAL AMENDMENT ALLOWS MERGED SCHOOL DISTRICTS TO COMBINE TAX BASES YES →
NO →

QUESTION: Shall constitution allow school district created by merger a tax base equal to sum of tax bases of merged districts?

SUMMARY: Amends state constitution. Removes school districts from Article XI, section 11(4). That section requires, when school districts merge, new district's tax base, in next fiscal year, to equal sum of prior year's tax base amounts of all merged districts, plus six percent. Measure would require, when districts merge, new district's tax base to equal only the sum of tax base amounts of all merged districts. Retains voters' ability to increase tax base of merged district by election. Effective fiscal years 1991 and after.

COUNTY MEASURE

REFERRED TO THE PEOPLE BY THE BOARD OF COMMISSIONERS, BENTON COUNTY, OREGON

02-1 TO INCREASE THE EXISTING BENTON COUNTY HISTORICAL FUND TAX LEVY YES NO

QUESTION: Shall Benton County increase the existing Historical Fund continuing tax levy from \$84,000 to \$154,000?

SUMMARY: In 1978, the voters approved a County Historical Fund. This vote allows the County to levy property taxes of up to \$84,000 per year. These funds are used to run the Benton County Historical Museum.

This Measure would raise the levy amount to \$154,000 per year. Part of the new funds will pay the increased cost of current programs. The Museum puts on exhibits. It has a library for historic research. It preserves historic sites, objects, and records. It publishes information. It helps teach local history in the schools. The rest will be used for new exhibits, more programs and publications, and work with other historic interest groups.

If passed by the voters, this measure will raise the Historical Fund tax rate to \$.0737 per thousand dollars of assessed value. If passed, the owner of a \$60,000 house would pay \$4.42 for the Historical Fund. The estimated tax cost for this measure is an ESTIMATE ONLY, based on the best information from the County Assessor at the time of estimate.

20-01 TO ESTABLISH A NEW TAX BASE LIMITATION YES →

QUESTION: Shall Lane Community College establish a tax base of \$20,633,220, beginning with the 1991-92 fiscal year? NO →

A new tax base has not been approved by the voters for the College since 1980.

The 1990-91 tax base for the College is \$15,933,220. Passage of this measure will enable the College to levy an increase of \$3,744,007 over the projected 1991-92 tax base of \$16,889,213.

QUESTION: Should the Vineyard Mountain Special Road District approve an increase in the tax base to \$26,500? NO →

SUMMARY: The current tax base for the Vineyard Mountain Special Road District was voted in by the residents of the district in 1980. The total tax valuation for the district at that time was \$6,725,582.00. Since that time the number of houses in the district has grown to the point where the current assessed valuation for the district is \$11,452,321.00. The use of the roads has substantially increased. The current tax base does not permit the district to repave the roads at a pace sufficient to keep up with the need for repair.
